

There are innumerable challenges being faced by the humanity in areas such as environment, education, economy, employment entrepreneurship, energy, water, food, security, transportation, materials, manufacturing etc. Only innovation can solve these challenges. So, as per MHRD and IIC guidelines on 22nd April, 2022, we are conducting World Earth Day events like Tree Plantation, Best out of waste and Speech and E- Poster presentation. #IIC-HMRITM
